

## QualityForks with **BELUGA** fork tip

Increase safety and efficiency

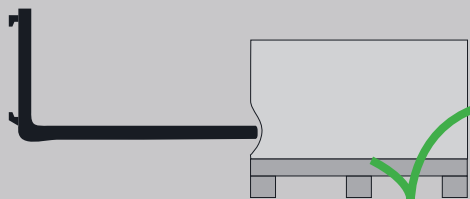

- ▶ Increased impact surface of fork tip upon contact with the load
- ▶ Minimal risk of pricking the cargo
- ▶ Rounded edges reduce damage of package and goods
- ▶ Time and cost saving
- ▶ Significantly increased work safety, e.g. when transporting liquid or gaseous substances
- ▶ Simple pushing of pallets
- ▶ No interfering edges, thus safe pulling out of the pallet
- ▶ Optional in the ex-proof area: **BELUGA** with ATEX certification (made of 100% stainless steel or with DuplEx cladding)
- ▶ Suitable for a wide range of fork solutions (i.e. Fork-Extensions, FoldingForks, ForkCoatings, ...)
- ▶ Additional tip forms upon request
