 Application _____

Important
 $L_{GV}(\text{max}) = L_{GZ} / 0,6$

The fork extension has to be supported by the fork to minimum 60 % of its total length.

Extension design

Open

The underside of the extension is open for light or medium usage. The load is allowed to have its load centre in the area of the supporting fork.

Closed

The underside of the fork extension is closed. The extension is suitable for heavier usage. The load is allowed to lie in the area which is not supported by the fork.

Special design

for hand lift trucks
